

Hunab

TULUM

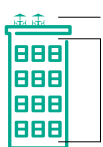

PRICES
226,000 USD
-
404,200 USD

Anah Hunab is a mixed-use development concept with the perfect balance between social activity and Mother Nature. It is the complex closest to the beach.

Anah Hunab has a total of 120 units distributed in three buildings. Its design respects the surrounding nature; therefore, each terrace is different in size and shape depending on its location to avoid unnecessary logging.
