

CASA LAS PALMAS  
BUCERIAS

Casa La Palmas is the new development of BOUÉ Arquitectos, a real estate group specialized in select investment projects.

Innovative in style and concept now in Bahía de Banderas!

The project consists of a 7-level building: ground floor with pedestrian and vehicular access, a commercial space, stairs, elevator, common laundry, concierge room, warehouses and parking for 9 cars.

Casa Las Palmas consists of 15 luxury suites.

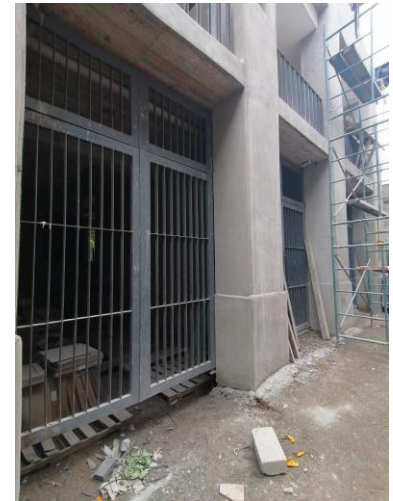

Levels 1 to 5 formed by three departments each level. Being level 6 a terrace with pool, hot tub, whirlpool full bathroom cellar and machine room.

The housing development will have the following amenities. Incredible Roof Garden, pool, jacuzzi, elevators, warehouses, common laundry.
