ALL YOU NEED IS OCEAN BREEZE

Desde hace más de 25 años, Tankah ha sido el refugio de quienes buscan paz y tranquilidad, de aquellos que saben valorar el silencio y aprecian los gustos amables de la vida.

**Así nace Neró, pensado para quienes buscan un espacio de paz y calma entre el mangle y el mar.**

*For more than 25 years, Tankah has been the refuge of those who seek peace and tranquility, of those who know how to value silence and appreciate life's gentle pleasures. Thus was born Nero, designed for those seeking a space of peace and calm between the mangrove and the sea.*

**Neró ofrece 45 residencias integrando tendencias como "indoor outdoor living" y "minimalismo funcional" para ofrecer espacios esenciales y acogedores.**

Neró offers 45 residences integrating trends such as "indoor outdoor living" and "functional minimalism" to offer essential and cozy spaces.

An aerial photograph capturing a vast expanse of lush tropical vegetation. The scene is dominated by numerous palm trees, their tall, slender trunks and dense, fan-shaped canopies creating a rhythmic pattern across the landscape. Interspersed among the palms are clusters of smaller, bushy green trees and shrubs, adding texture and depth to the scene. The terrain appears to be a mix of sandy soil and rocky outcrops, visible as lighter patches amidst the greenery. The lighting suggests a bright, sunny day, casting long, sharp shadows of the trees onto the ground below.
