About Pacifico Lifestyle Condo L808

The original owners have recreated the coziness typically found when checking into a boutique hotel by carefully curating the furniture and décor items. This condo is impeccable, as the sellers do not rent it out, and it has only been owner-occupied.

The kitchen, living room, balcony and bathroom, are the largest of all the other lifestyle models. Fiber optic internet is installed for home working and fast streaming. When you step into this condo, you'll feel surrounded by nature. You can enjoy relaxing on the large balcony with newly installed shades overlooking the lush landscaping, and be just a few steps away from one of the 4 pools, tennis and pickle ball courts, and much more!
