# PACIFICO L714

This two bedroom condo is located in Pacifico and offers green, sky, and mountain views with no condo directly in front, a feature especially appreciated by those who value privacy. Being on the third floor also means there are no units above, adding to the sense of openness and light.

The condo is located in a newer Pacifico building completed in 2016. The layout is comfortable and practical, with the living and dining areas opening naturally toward the balcony.

Inside, the condo is well maintained and move in ready. The kitchen features hardwood cabinetry, granite countertops, and stainless steel appliances. Ceiling fans are installed, and air conditioning is available throughout.

From the terrace, you look out over surrounding greenery with distant hills and open skies in the background. The setting feels quiet and private, while still being part of a well established community.

The condo works well for full time living, a vacation home, or rental use.

Living in Pacifico means enjoying a master planned community with 24 hour security, multiple pools including a lap pool, a gym, tennis and pickleball courts, landscaped walking paths, and access to the Pacifico Beach Club. A retail village with grocery, dining, and everyday services is within walking distance, along with the beach and town of Playas del Coco.

This condo is a strong option within Pacifico for buyers who value privacy, openness, and a newer building in a walkable community.
