05, 06, 14 y 15 \$ 22,000

A hand-drawn map showing a network of roads. The roads are represented by lines with arrows indicating direction. Distances between junctions are labeled in meters (m). The network includes several loops and dead ends.

- Top horizontal road: 15.20m (left to right)
- Left vertical road: 6.60m (bottom to top)
- Top-left junction to top-right junction: 7.00m (left to right)
- Top-left junction to middle-left junction: 4.40m (left to right)
- Top-left junction to bottom-left junction: 5.65m (left to right)
- Top-left junction to top-right junction: 2.60m (left to right)
- Top-left junction to middle-left junction: 1.25m (left to right)
- Top-left junction to bottom-left junction: 1.35m (left to right)
- Top-left junction to top-right junction: 2.95m (left to right)
- Top-left junction to middle-left junction: 1.30m (left to right)
- Top-left junction to bottom-left junction: 1.65m (left to right)
- Top-left junction to top-right junction: 120m (left to right)
- Top-left junction to middle-left junction: 2.30m (left to right)
- Top-left junction to bottom-left junction: 4.85m (left to right)
- Top-left junction to top-right junction: 135m (left to right)
- Top-left junction to middle-left junction: 4.85m (left to right)
- Top-left junction to bottom-left junction: 3.50m (left to right)
- Top-left junction to top-right junction: 135m (left to right)
- Top-left junction to middle-left junction: 2.15m (left to right)
- Bottom horizontal road: 25.00m (left to right)
