Welcome to Azul Paraiso 11A, a spacious, single-level 4-bedroom residence nestled on the lush mountainside of Playa Ocotal, Guanacaste. Designed by award-winning architects Garnier & Garnier, this beautifully appointed condo offers high-end finishes, generous indoor-outdoor living, and a peaceful connection to nature.

Set within a secure, gated community known for its quality construction and tropical landscaping, 11A is located in the only building at Azul Paraiso with just four residences, offering enhanced privacy and a more exclusive experience. The serene pool, shared with only three other units, is just one level below, providing a calm space to relax and unwind.

Inside, you'll find cool travertine floors, hardwood cabinetry, and an airy layout filled with natural light. The chef's kitchen features stainless steel appliances and a large island, opening to the dining area and living room. Sliding doors lead to a 47 m² (506 sq. ft.) covered terrace—a spacious outdoor area ideal for dining, lounging, and enjoying the ocean breeze. Surrounded by greenery with a subtle peek of the Pacific, this condo offers a sense of seclusion and comfort. Just a few steps up the hill, you'll find panoramic ocean views that stretch from Witches Rock to Bahia Pez Vela.

The primary suite includes a king bed, walk-in closet, and spa-style bathroom with double vanity, soaking tub, and separate shower. A second en-suite bedroom also has a king bed, while two additional bedrooms—each with two twin beds—share a third full bathroom. The home also includes a dedicated laundry room and two assigned parking spaces. It's being offered fully furnished, including a BBQ grill, so you can settle in or rent it out right away.
